

RAMP Concluding Workshop

2nd - 3rd December 2020

(internal event)

Marie Skłodowska-Curie
Actions

Rationalising Membrane Protein crystallisation

WEDNESDAY 2 DECEMBER

9:00-9:10 Welcome & introduction to the program

9:10-10:10 Chris Tate (MRC-LMB) *X-ray crystallography and cryo-EM: complimentary tools for GPCR structural biology and drug discovery*

10:10-10:30 Break

10:30-10:50 Sofia Jaho (ESR 2)

10:50-11:30 Tomas Lundqvist (RISE) *Advanced research infrastructures as a career*

11:30-11:50 Elham Vahdatar (ESR 1)

11:50-12:50 Lunch break

12:50-13:20 Chun-wa Chung (GSK) *A career in industry: let's play the game of 2 truths and 1 lie*

13:20-13:40 Jessica Ames (ESR 6)

13:40-14:10 Helen James (Canterbury) *My career path*

14:10-14:30 Break

14:30-14:50 Diogo Melo (ESR 8)

14:50-15:10 Christina Cecchetti *AtBOR1 and UapA: perspectives on structure and function of two structurally related transporters*

THURSDAY 3 DECEMBER

9:00-10:00 Holger Stark (MPI-BPC) *Atomic resolution cryo-EM: What limits further improvements in resolution and map interpretability?*

10:00-10:20 Virginia Apostolopoulou (ESR 10)

10:20-10:40 Break

10:40-11:00 Thi Thang My Nguyen (ESR 9)

11:00-11:20 Swati Aggarwal (ESR 11)

11:20-11:40 Samuel Hjort Jensen (ESR 12)

11:40-12:00 Sofia Trampari (ESR 5)

12:00-13:00 Lunch break

13:00-13:20 Claudia Stohrer (ESR 3)

13:30-14:00 Lena Tagmose (Lundbeck) *My career path*

14:00-14:20 Jannik Strauss (ESR 4)

14:20-15:00 Closeout & final word (Monika Spano, Coordinator of RAMP network)

15:00- Social event (ESRs)
